Board Meeting – Main Meeting Room

Thursday, August 30, 2018
6:00 p.m.

Opening of Meeting: Chris Feil, President

Approve Agenda: Additions or alterations

Approval of Minutes

Citizens' Appearance:

Treasurer's Report: Duane Fournier –

- P& L Expenses
- August Bills

Circulation Report: Duane Fournier

Correspondence/Communications:

Board Training:

Gilbert Update –

New Business:

- Budget 2019-2020
- Audit issues
- Community Heroes – recognition program for businesses and individuals that is ongoing.
- Reiman Garden Request
- Library Survey so far/Community Meeting

Old Business:

- Community Survey – Strategic planning process
 - Carpet costs
 - Open Access Report
 - Direct State Aid Report
 - Preliminary County Report
- Adjournment

Reminder

- Next meeting: Thursday, September 27, 6 p.m.

STAFF REPORT

August 2018

We are in the midst of a small break to prepare for the oncoming events and activities of the school year. The summer wrapped up with nearly 300 children participating in the two summer reading programs, in addition to those who attended programs without doing the reading portion. In addition nearly 20 adults, 40 teens and tweens and an addition 18 infants participated with the reading portion.

We are in the midst of evaluating this years program, and hope to totally revamp what we do for encouraging children to read. We have some great success stories....parents who tell us their child had no interest in reading at the beginning of the summer, and couldn't get them to slow down by the end. But we also had some instances where we knew the child was telling us they were reading, but couldn't tell us anything about what they had read or that they were reading materials from other libraries, or items they already had read before that they owned. We know we have families who visit other libraries, and attend other library programs, but some of our "signed up" children, a few, just seemed to be out to pick up prizes. So we want to try some variation on the incentives and the way children participate in it.

We also had some discussion about the community donations toward our programs. WE have some businesses who have faithfully been donating additional funds to help us run our programs, in addition to many individuals who bring in food, make smaller donations of materials we need, or collect recycling. To offer special programs during the summer now costs over \$1,000 each for Gilbert and Story City. The cost has gone up dramatically In the past few years we sent letters asking for help in May and June. This is not the right time of year for us or our businesses. We don't know how much we'll receive and we don't have time to adequately thank donors. Businesses like putting up signs that acknowledge their donations, and we like to send personal thank yous.

We want to put together a continual patronage honor program which will allow our contributors to feel appreciated all year long. I'll be bringing some of the ideas to the meeting to discuss with you, and if you think this is a good idea, take it also to the Foundation. Deposits from these letters have gone to both the Foundation and the Trust each year we have asked for help. With us looking at some bigger expenses in the next few years, it might be a good time to implement such a program.

Bertha Bartlett Public Library

Board Meeting

Thursday, July 19, 2018

6:00pm

Library Meeting Room

Present: Matt Emerson, Jessica Hensch, Director Kolleen Taylor, Chris Feil, Duane Fournier (6:25p)

Called to Order: 6:04p

Changes to the Agenda:

Taylor asks to remove "Carpet Costs" and "Preliminary County Report" as these items aren't yet ready.

Approval of Minutes:

Motion to approve June 2018 minutes by Hensch, seconded by Emerson. Approved unanimously.

Citizen's Appearance:

None

Treasurer's Report

P and L: Close of the fiscal year

Story City:

Just about a \$1000 short of using the total budget for the year.

Servers were purchased, which is why Tech is over budget. Also, the roof project is over budget.

"Online Databases" isn't used, but due to the fact that it won't be paid until July this year, when it is usually paid in June.

Gilbert:

Shelves are being custom-made, which will likely use up the surplus funds in this budget.

March Bills:

All bills for July are not included in the packet, due to the meeting being held earlier in the month. Taylor will send the rest of them as they come out to the board members for approval.

Approval of bills for July 2018 motioned by Hensch, seconded by Emerson. Approved unanimously.

Circulation:

June circulation was very high. There was a total of 5482 items borrowed.

Kids Club members are being taken to Roland, which has slightly decreased circ. This will be remedied next year.

Correspondence/Communications:

There was a very nice email from Fran that Taylor sent to the board members.

Board Training: (6:22p – 6:28p)

Taylor presents a video as training titled “Board Troubles”

Gilbert Update -

Location has been very busy.

Programming is going very well!

Maria is doing storytime in Gilbert. Laura is going over to help since there are people who want to check out books during storytime.

New Business**Open Access Report:**

Not ready yet but needs to be completed by the end of the month.

Some statistics are off due to people being placed as Story City residents instead of Story County residents.

Taylor can correct this, but it will take some time. Also, staff re-training will be necessary.

Taylor reports that she will send out the completed report to the board before she submits it to the state.

Direct State Aid Report:

Taylor will type up something for this pertaining to the purchase of new servers and updating tech.

Budget 2019 – 2020

Need to start discussing what we will be doing during this budget year.

Credit Card Use

There were a lot of purchases being made in June. The board approved the use of the credit card and Taylor is approved to use it as needed. Statements are always at the meeting and are available for board member review. Any rewards points received are used to purchase items for the library, usually prizes for summer reading program.

Old Business**Community Survey:**

Taylor provided a survey that would be handed out at the library and sent via survey monkey.

August-September: There will need to be a community meeting to gather information from community members.

Motion to approve the community survey by Emerson, seconded by Fournier, approved unanimously.

Policies:

Patron Policy

Taylor reports that the patron policy looks pretty complete.

Reviewed 7/19/18

Patron Registration Policy

Add that out of state patrons will need to pay a \$5 annual fee.

Revised 7/19/18

Policy for Media Equipment

Taylor reports that there have been some patrons asking to borrow a slide projector.

Since these items are difficult to purchase, the board doesn't think it is a good idea to loan it out because it's difficult to replace.

Reviewed 7/19/18

Fournier moves to approve the three policies listed above, Hensch seconds, approved unanimously.

Adjournment 7:10p:

Motion to adjourn by Hensch seconded by Fournier – Approved unanimously

Next Meeting:

Thursday, August 30th, 2018 at 6:00p in the meeting room.

Recorded by

Jessica Hensch, Secretary

Board of Trustees

Amount of
Direct State Aid \$2,291.51
received:

Use of Funding

Report on Direct State Aid funding received and spent between July 1, 2017 and June 30, 2018
Under the broad categories below, describe how the funding was used and list the amount spent in that category.
Direct State Aid funding must be spent by June 30, 2018.

Personnel - Report the amount spent on salaries for additional staff or to extend hours, training, etc.

Amount Spent:

Description:

Library materials - Report the amount spent on books, DVDs, downloadable audio books, eBooks, databases, etc.

Amount Spent:

Description:

Technology and Equipment - Report the amount spent on computers, Internet access, tablets, etc.

Amount Spent:

Description:

Capital improvements - Report the amount spent on building improvements, accessibility, etc.

Amount Spent: \$2,291.51

Description: We added electrical outlets throughout the building in areas where electricity was not available.

Furniture - Report the amount spent on chairs, tables, shelving, etc.

Amount Spent:

Description:

Library Programs - Report the amount spent on supplies, performance fees or other expenses for the summer library program, story times, book discussion groups, etc.

Amount Spent:

Description:

Other Purchase - Report the amount spent on other items or services used to improve library services.

Amount Spent:

Description:

Total Amount Spent (must be equal to amount received): \$2,291.51

Impact of Funding

How has library service in your community improved as a result of this funding? Patrons using our library are often bringing their own laptops and other devices to work on projects at the library. We had noticed an uptick in personal device usage, but were struggling with finding places they could plug them in. Our building is relatively new, but the electricity was not adequate for the technology now used. We used the additional funds provided through Direct State Aid to add electrical outlets in areas where none existed in the past, and to replace ballasts and install LED bulbs. We have several people who are now using tables where there had been no electricity and inadequate lighting, available in the past. Our Young Adult corner was one of the areas where we had no electricity, and since we had the work completed, have found students working on laptops sitting on the floor, balancing them in their laps....charging while they worked. The need for this was apparent when we had a young woman on a deadline working to get a Government Document in place which would allow her to travel. She was sitting on the floor in front of pillar where there was electricity, because she couldn't find another outlet available, and her phone wouldn't hold a charge. She was struggling to keep her Wi-Fi connection and get documents printed, and electricity was critical to accomplish this. We helped her with some workarounds so she could do as much as possible in a very difficult situation, but charging stations or electrical outlets are now very essential to providing service to our public. It's something we had not planned to do, but it became an essential need.

Assurance Compliance (Required)

Direct state aid funds supplemented, but did not replace local funding. Yes

Certification (Required)

I certify the information in this form is true and correct to the best of my knowledge. Yes

Bertha Bartlett Public Library

FY18 Open Access Annual Report

CURRENT YEAR

PREVIOUS YEAR

Instructions

Due: July 31, 2018

A printed version of this form is available at <http://www.statelibraryofiowa.org/go/oa>

Report the number of items checked out to customers from each public library, contracting city, or participating academic library. A few things to look for on the form:

1. Circulation to branch library cities should be reported under the main library. For example, the city of Asbury is a branch of the Dubuque County Library. All circulation to residents of Asbury should be reported as Dubuque County Library.
2. Contracting cities are listed on the form. Any transactions to patrons from those towns should be reported under the contracting city rather than the home library. Do not report transactions to residents from cities that contract with your library.

Use the definitions listed below to determine if Open Access customers and transactions are eligible.

Local Library Jurisdiction: The jurisdiction is the area for which a library is funded to serve. This includes:

1. Any city that funds the public library including the city where the library is located, and any contracting cities.
2. Any unincorporated jurisdiction that funds the public library including the unincorporated portions of the county where the library is located, and any unincorporated portions of other counties.
3. Any participating college, university or community college library.

Eligible Patron:

Must be a resident of Iowa; live outside the local library jurisdiction; and meets one of the following criteria:

1. Lives in a community that provides a public library.
2. Lives in an unincorporated area that provides, or contracts for, library services.
3. Lives in a community that contracts for library services.
4. Attends a participating Iowa public or private university, college, or community college.

A customer is not considered an eligible Open Access customer if they are a:

1. Resident of your city.
2. Resident of a city that contracts with your library for library service.
3. Rural resident of your county or other county that contracts with your library for library service.
4. Resident of a city that does not have a public library and does not contract with a library for library service as required by Iowa Code Section 256.69.
5. Resident from outside of Iowa.

Eligible Transactions:

1. Physical items in all formats except for equipment.
2. Items must be from your collection and for use outside the library. Items packaged together as a unit and checked out as a unit, are one transaction.
3. Playaways or similar devices.
4. Renewals of eligible items as listed on lines A to C above.

Ineligible Transactions - Do not count the following items as Open Access:

1. Downloadable audio, video, e-Books or other electronic items.
2. Database use.
3. Equipment including laptops, tablets, projectors, game consoles, eReaders, wireless hotspots, or other types of equipment.

Rural residents:

1. A library can claim Open Access circulation to rural residents from other counties, but may not claim circulation to residents of its own county or other county that contracts with the library for library service.
2. To report Open Access circulation to rural residents (outside your own county), you need to determine the local library for that resident. Below are suggestions on which library to choose. Any of these options are acceptable. The important thing is that you choose one local library only:
 - a. If the patron has a rural address from a city with a participating public library, count that as the local library
 - b. If the patron has a rural address from a city without a participating public library, choose any participating public library in the county to be the local library
 - c. Choose the largest library in the county
 - d. Choose the library in the county seat
3. If the customer is from rural Dubuque, Scott, or Woodbury counties, report them under their respective county library system. City public libraries in these three counties are allowed to count rural residents from their own county as eligible for Open Access.

Contracting Cities:

1. Contracting cities are incorporated cities that do not have a public library and contract with the public library in another city.
2. Report circulation to residents of contracting cities on the line for that contracting city. All contracting cities are now included on the form.
NOTE: Residents of cities that contract with your library for service are not eligible for Open Access reimbursement and should not be reported.
3. Transactions by residents from an incorporated city that is not listed on the form are not eligible for Open Access reimbursement.

If you have any questions about the eligibility of a customer or transaction, please contact Scott Dermont at scott.dermont@iowa.gov, or 515-281-7573
